New at AIRTEC 2009: HELI World

Exhibition – Conference - Workshop

With HELI World an international platform for rotorcraft and related areas comes up at AIRTEC 2009. The objective of HELI World is to provide a focused meeting place for the helicopter industry.

The theme park HELI World focuses on

- latest technologies in the field of military and civil helicopters
- operational areas and tasks
- all products and equipment for the execution of operations
- the entire service programme of the helicopter industry
- Maintenance, overhaul, logistics, instruction and training

HELI World Exhibition

The exhibition area of HELI World offers a great opportunity to present helicopters, products, technologies and expertise, to generate new business contacts, to acquire new customers and to intensify relationships with existing partners.

Benefits of HELI World:

- clear focus on the helicopter industry
- short, highly efficient fair duration
- optimum fair environment and excellent exhibition infrastructure
- conveniently accessible location, centrally in Germany
- perfect supplement to AIRTEC and to the theme park UAV World
