

4th International UAV World Conference 2010

UAS Technologies and Missions

November 3 – 4, 2010

Exhibition Centre Frankfurt / Main
Germany

CALL FOR PAPERS

Deadline: May 31, 2010

UAS Technologies and Missions

UAV World has become a well established meeting place for everyone involved in unmanned airborne systems. 2010 we will meet for the fourth time during the AIRTEC conference in Frankfurt. As UAVs and the systems called UAS will see more and more entry into service, UAV World is one of the focal meeting points for science, industry, and users, be it governmental and non-governmental. The 2010 conference again will cover all aspects of UAS from design to operation, from sensors to see and avoid, from communication to navigation and last not least from legal aspects to air traffic management.

Once again, we are looking forward to your highly esteemed contribution to UAV World 2010. And it will be our pleasure to welcome you and all other distinguished guests at the conference. As in the years before the conference will be accompanied by an exhibition, which will present systems, sensors and services related to unmanned aerial vehicles.

The international Frankfurt exhibition centre is the ideal place for exchanging information, building partnerships and friendships.

We are looking forward to see you at UAV World 2010.

Chairman of the 4th International Conference UAV World **Prof. Dr.-Ing. Peter Vörsmann**, Institute of Aerospace Systems, Braunschweig Technical University, Germany

Registration Fees					
	Early Bird* Non-Exhibitors	Early Bird* Exhibitors**	Standard Non-Exhibitors	Standard Exhibitors**	Speakers
2 Days Registration	€ 450,-	€ 400,-	€ 600,-	€ 450,-	€ 400,-
Students and governmental institutions €100,-					
All prices include VAT					
Delegate information: The registration includes admission to the conference and to the exhibition, conference documentation, CD and refreshments and lunch for the 2 days conference. Please ask for sponsoring possibilities.					
*Registration until May 31, 2010 **Your company must be an exhibitor at AIRTEC 2010 to qualify for the exhibitor registration rate.					

First Day – November 3, 2010

The programme committee welcomes your contributions on the following major topics:

UAS Technologies

- Energy Supply Technologies e.g. batteries and fuel cells
- Engine, Rotor and Micro Structure Technologies
- Sensor Systems and Intelligent Technologies
- Intelligent Communication, Navigation and Surveillance
- Data Management / Data Reduction
- Sense and Avoid Technologies
- Simulation and Training

Second Day – November 4, 2010

UAS Missions

- Civil UAS Missions
- Integration of UAS into the Civil Aerospace
- Military UAS Missions
- Combined Operation of Vehicles and flying UAS Systems
- Future UAS Missions

Please send your abstract (approx. 2000 characters) until latest **May 31, 2010** to the conference organiser airtec GmbH & Co. KG, email: rosalina.pahl@demat.com.

Your abstract will be sent to the Chairman of the Conference, **Professor Dr.-Ing. Peter Vörsmann**, Institute of Aerospace Systems, Braunschweig Technical University, Germany.

Sponsorship Opportunities

- Conference Lunch € 3,750,-
- Conference Coffee breaks € 2,500,-
- Delegate pack € 4,000,-

For sponsorship please contact:

airtec GmbH & Co. KG

Frankfurt / Main, Germany

Email: airtec@demat.com; rosalina.pahl@demat.com

Phone: + 49 (0) 69 27 40 03 43

Submission Deadline – May 31, 2010

Please send your papers in before **May 31, 2010** deadline to give it the best possible chance of it being selected.

Along with AIRTEC 2010, International Aerospace Supply Fair, the 4th International UAV World Conference will take place November 3 and 4, 2010 (Exhibition Centre Frankfurt/Main) under the motto “**UAS Technologies and Missions**”.

We kindly ask you to submit us the title of your lecture and a short abstract (approx. 2000 characters in English language) to rosalina.pahl@demat.com. In case the subject of your lecture is not included in the major topics we would be very pleased if you send us a subject suggested by you. Your abstract will be sent to Professor Peter Vörsmann, Chairman of the Conference. The authors will be notified shortly after the abstracts have been reviewed. All accepted abstracts will be listed in the online conference preview.

Key Dates

May 31, 2010	Abstract submission deadline
May 15, 2010	Notification of acceptance
Sept. 30, 2010	Deadline for technical paper submission

Venue

Exhibition Center Frankfurt/Main, Germany

Accommodation

Recommendations for hotel bookings will be published on our website.
